**Note to Planning Applicants:**

Site assessors are employed directly by the planning applicant, not by the Council. While the Council has made every effort to ensure that approved assessors have adequate professional indemnity insurance (€1m recommended), applicants are advised that it is ultimately their responsibility to ensure that sufficient cover is in place.

Additional approved site assessors may be added to this list from time to time. An up to date list may be obtained from the Council's website at [www.lcc.ie](http://www.lcc.ie)
